

Fibre to the Home Council Europe

Media Update: May 2016

Interested in sponsoring opportunities for the FTTH Conference 2017?

The Call for Sponsors for the 14th edition of the FTTH Conference, to be held on 14-16 February 2017 in Marseille, France, has started. Exhibiting/sponsoring is only possible for member companies of the FTTH Council Europe. Interested companies are invited to book their booth as soon as possible to get the best location in the exhibition hall. First come first served!

Download the [call for sponsors](#) and the [application form](#) for more information.

For more information about the FTTH Conference, check out the [Event Report](#) of the 13th edition of the event held on 16-18 February 2016 in Luxembourg.

Become an Operator Observer of the FTTH Council Europe

The FTTH Council Europe offers a special Operator Observer Status for all interested **network operators** and **utility companies**. This offer has a wide range of advantages, including direct access to exclusive information, networking opportunities and participation in selected working committees of the FTTH Council Europe.

The initiative to drive the growth in the number of Operator Observer members is an important part of the FTTH Council Europe's 2016-2017 [work plan](#), as set out at the General Assembly in Amsterdam on 19 and 20 April 2016.

To apply for Operator Observer Status, please fill out the [application forms](#) and send them to info@ftthcouncil.eu

FTTH: What is it?

In order to educate the general public on fibre to the home technology, the FTTH Council Europe released this year a new guide entitled *FTTH – What is it?*. The organisation would like this guide to enlighten the concerned but novice citizen whose life is impacted by telecommunications, yet who feels a bit lost in this environment.

So, if you or someone you know is not familiar with FTTH technology and why it is so essential for future developments, this guide is made for you! Share and spread the word about fibre to the home!

About the FTTH Council Europe:

The FTTH Council Europe is an industry organisation with a mission to accelerate the availability of fibre-based, ultra-high-speed access networks to consumers and businesses. The Council promotes this technology because it will deliver a flow of new services that will enhance the quality of life, contribute to a better environment and increase economic competitiveness. The Council consists of 150 member companies. www.ftthcouncil.eu
