

Are you up to date on the latest fibre developments?

BRUSSELS, 11 September 2012 – The FTTH Council Europe is taking part in a series of events that will help you to find out more about the latest fibre-to-the-home (FTTH) applications, funding and deployments.

17-19 September: In Amsterdam at the ECOC Exhibition, Europe's largest optical communications event, The FTTH Council Europe will be speaking on the status and outlook of FTTH deployments as well as service strategies for operators. We also invite you to visit us at booth 277 in Hall 1 or at the FTTx Centre. www.ecocexhibition.com/marketfocus

8-9 October: Discover the advantages of FTTH through our demos at the NextGen 12 conference in London (www.nextgenevents.co.uk/events/nextgen-12). Karin Ahl, President of the FTTH Council, is one of the speakers, and we will be showcasing our World of Applications E-Health throughout the conference. For information on our press conference on 8 October, please contact: nadia.babaali@ftthcouncil.eu

8-11 October: Explore how FTTH can transform applications usage at the World of Applications dome in front of the European parliament in Brussels, and join us for a workshop on FTTH-enabled services. Journalists are also invited to attend our press conference on 8 October. Contact: nadia.babaali@ftthcouncil.eu

16-18 October: FTTH Council President, Karin Ahl, will be speaking at the world's largest broadband event, Broadband World Forum 2012 in Amsterdam. We also invite you to visit our booth G2 in hall 11. www.broadbandworldforum.com/

October: Through this Webinar the economic consultancy Dotecon will provide insight into FTTH regulatory policy and roll-out, based on the report: www.ftthcouncil.eu/documents/Reports/Dotecon_Regulatory_Report.pdf

13-15 November: Learn more about how FTTH will enable the smart cities of tomorrow at the Smart City Expo World Congress in Barcelona. The FTTH Council will be speaking and we also invite you to visit our booth. www.smartcityexpo.com/

For more information on any of these events and how you can take part, please contact nadia.babaali@ftthcouncil.eu.

About the FTTH Council Europe:

The FTTH Council Europe is an industry organisation with a mission to accelerate the availability of fibre-based, ultra-high-speed access networks to consumers and businesses. The Council promotes this technology because it will deliver a flow of new services that enhance the quality of life, contribute to a better environment and increase economic competitiveness. The FTTH Council Europe consists of more than 150 member companies.
