

Registration is now open for the FTTH Conference 2017!

FTTH Conference 2017 receives patronage of the City of Marseille

Brussels, 2 November 2016 – Registration is now open for the FTTH Conference 2017, to be held on 14-16 February 2017 in Marseille, France, under the patronage of the City of Marseille. Delegates are invited to register now to benefit from the early bird ticket pricing.

Registration is now open for the 14th edition of the FTTH Conference, which has received the patronage of the City of Marseille. The “all inclusive” entrance fee includes attendance of all conference sessions and workshops, access to the Exhibition Hall, to the hands-on demos and first-class catering. This year, the FTTH Council Europe initiated an “early bird” ticket pricing in order for delegates to register at a discount rate until 31 December 2016.

Delegates should register at: www.registration.ftthconference.eu/

“We look forward to lively discussions on creating a Gigabit Society and the latest digital technology innovations. Now the countdown is on and we encourage everyone interested in digital and tech developments to join us for a series of exciting debates and a technology expo.” says Erzsebet Fitori, Director General of the FTTH Council Europe. “We hope to see you in Marseille! Together, let’s build a brighter future!”

Each year, the FTTH Conference also welcomes journalists from across the world to cover the event. Registration is free of charge for journalists and media representatives who are in possession of a valid, recognised press card or a commissioning letter.

Media representatives should contact pr@ftthcouncil.eu in order to apply for accreditation.

About the FTTH Conference 2017:

The FTTH Conference 2017, under the patronage of the City of Marseille, is THE place of exchange between different stakeholders involved in fibre: policymakers, regulators, operators, vendors, investors, analysts, media and more. The FTTH Conference reflects the FTTH Council Europe’s objectives to create a connected continent and provide a brighter future for all citizens through fibre to the home rollout and the services it enables.

Information about and registration to the event, including pictures and video clips of the previous conference in Luxembourg, is available on www.ftthconference.eu

For information on sponsorship opportunities, please visit [Why Exhibit](#).

About the FTTH Council Europe:

The FTTH Council Europe is an industry organisation with a mission to accelerate the availability of fibre-based, ultra-high-speed access networks to consumers and businesses. The Council promotes this technology because it will deliver a flow of new services that enhance the quality of life, contribute to a better environment and increase economic competitiveness. The FTTH Council Europe consists of 150 member companies. www.ftthcouncil.eu
