

STL-Sterlite Technologies Limited is a global leader in end-to-end data network solutions.

Company profile

We design and deploy high-capacity converged fibre and wireless networks. With expertise ranging from optical fibre and cables, hyper-scale network design, and deployment and network software, we are the industry's leading integrated solutions provider for global data networks. We partner with global telecom companies, cloud companies, citizen networks and large enterprises to design, build and manage such cloud-native software-defined networks.

STL has innovation at its core. With an intense focus on end-to-end network solutions development, we conduct fundamental research in next-generation network applications at our Centres of Excellence.

STL has a strong global presence with next-gen optical preform, fibre and cable manufacturing facilities in India, Italy, China and Brazil and two software-development centres.
